

Building 2 Unit 2/02 Hohola, Ahuia Gordons, NCD

Showroom, Office, Warehouse - Versatile & Central Location

Gordons Business Center has many strengths, but the key aspect here is the ability to offer run-of-the-mill and fully serviced flexible workspaces.

The property's efforts to appreciate the significance of added benefits for employees and initiating the right impression for respective clients are evident in communal break out spaces such as an on-site fast-food outlet, an extensive secured parking space, and high profile neighbours like Datec, Maku Gifts, and PNGFM (just to name a few), to give you that forward-thinking inspiration.
